	Abstract reasoning and novel problem solving	Reasoning with words	Reasoning with numbers	Reasoning with patterns and symbols	Grasping and mentally manipulating 3D shapes and forms	Grasping and applying technical principles	Clerical speed and accuracy

The results shown provide a guide to your strengths and weaknesses

The first four tests provide a guide to the level of academic and occupational qualifications you are likely to achieve.

The last three tests identify aptitudes needed for the development of specialised skills.
